

The Association of Pedestrian and Bicycle Professionals (APBP) is a community of practitioners working to create more walkable, bikeable communities and places. We support the professional development of about 1000 members who work in the fields of transportation planning and engineering, urban design and planning, public health and active living.

The value your employees and colleagues would gain by joining APBP includes the peer knowledge sharing we provide through APBP's online community forum, local chapters and mentorship, advanced technical expertise through monthly webinars and our biennial Conference, and the guidance and support from formal policy statements on topics relevant to your work.

APBP supports the professional development of our members who are local, regional and state/provincial level bicycle and pedestrian coordinators, consultants in community planning and design, advocates, those interested in promoting active transportation, and much more.

Please consider supporting your colleagues in their professional development goals by providing them a membership in APBP. We offer several [membership types](#) to best fit their needs including an Advocate membership at \$95 and Professional membership at \$130 annually. APBP also has a group membership discount option. If there are 5 or more people from your organization that are members of APBP, they can save 20% on annual membership dues. In addition, APBP offers a discount of 50% for those members who identify as Black, Indigenous, people of color (BIPOC) or as a person with a disability.

The [attached flyer](#) outlines some of the additional benefits that colleagues at your organization will gain by joining APBP. We strongly urge you to provide a membership for your colleagues and employees.

Kindest Regards,

Association of Pedestrian and Bicycle Professionals

The Value of an APBP Membership

The Association of Pedestrian and Bicycle Professionals (APBP) is a community of practitioners working to create more walkable, bikeable places. We foster peer knowledge sharing, advance technical expertise, and support the professional development of our members.

LEARN MORE AND JOIN!

www.apbp.org

INFLUENCE

APBP provides a collective voice on governmental issues that affect walking and bicycling.

COLLABORATE

Get a front row seat to the dissection of technical issues to help you work smarter, not harder.

IMPROVE AND IMPACT

Associate with colleagues who recognize the built environment is designed in ways that both reflect and signal racism and are taking action to create change.

LEAD

Take advantage of opportunities to lead chapters and serve on national committees that advance our industry and the association.

LEARN

APBP provides opportunities to share real-life projects, working examples, and lessons learned to increase knowledge.

GUIDE

Get guidance and support from formal policy statements on topics relevant to your work.

ENGAGE

Network with an on-call community of passionate practitioners from across North America via our member community.

APBP membership ranges from \$55-130.

Discounted rates available for students, retirees, and those who identify as BIPOC or a person with a disability.
